Lake Garda - Riva

LAKE GARDA Sheltered by the northern foothills of the Dolomites and edged with colourful villages, Lake Garda boasts some of the most breath taking scenery in Italy. The lake has a Mediterranean feel, windsurfers and sailboats skim along the smooth waters whilst in the lowlands lemon trees and orange groves flourish amongst the vines.

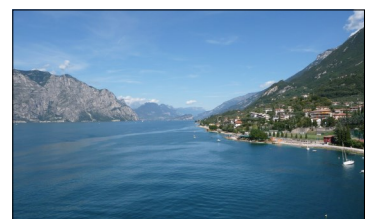

Hotel Sole - Riva (lakeside)

Riva is one of the most popular resorts on the north shore of the lake. The four star Hotel Sole probably has one of the best positions in the town, superbly located on the main square in the historic centre overlooking the lake. The hotel features a waterfront cafe bar where guests can enjoy the surroundings or you can relax on the sun terrace set on the 4th floor. The restaurant serves a buffet breakfast and dinner with a choice of options. There is a lift that serves most of the bedrooms all of which are ensuite.
